

OROGAMI

Bracelet Sizing Guide

Measuring your wrist is the best way to guarantee the correct size for any type of bracelet.

Before printing the sizing guide, be sure that your printer options are set to print to actual size. Do not scale to fit. Print on full sheets. To verify that the sizing guide has printed correctly, place your credit card under the line below. The scale is correct if the length of the card and line matches.

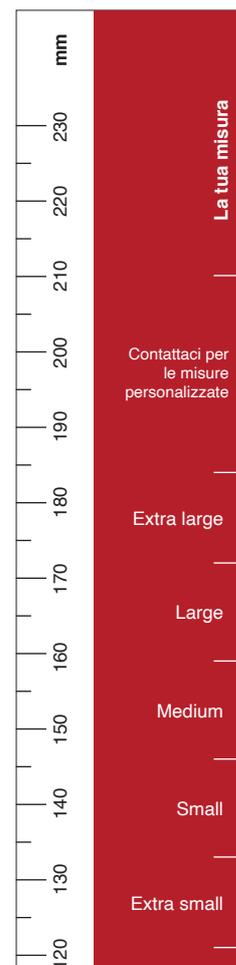

How to measure your wrist size with the OROGAMI ruler

- Cut out the ruler on the right hand side of the page.
- Make a slit in the ruler as indicated.
- Insert the end of the ruler into the slit to form a loop, making sure the numbers are facing outwards.
- Insert your wrist into the loop. Pull on the end to tighten to a comfortable fit around your wrist, as tight or loose as you like. Then make a note of the number at the slit: this is your bracelet size.
- You can also use a measuring tape or a length of ribbon or cord. Wrap it around your wrist and then measure the length with a ruler.

HOW TO SELECT YOUR SIZE FOR A BANGLE:

We use a different measuring system to size for bangles (bracelets without a clasp), so we suggest that you contact us to determine your size.

MEASURE	WRIST MEASURES	
Extra small	4.76-5.25 in.	121-133 mm
Small	5.26-5.75 in.	134-146 mm
Medium	5.76-6.25 in.	146-159 mm
Large	6.26-6.75 in.	159-171 mm
Extra large	6.76-7.25 in.	172-184 mm
