Orogami Ring Sizer

HOW TO MEASURE YOUR OWN RING WITH THE OROGAMI RING SIZER

- Make sure to print the sizing guide at 100%. To verify that the sizing guide has printed correctly, place your credit card under the line below. The scale is correct if the length of the card and line matches.
- Use this method if you have a ring that perfectly fits the finger on which you would like to wear your OROGAMI ring. Find the circle that is the best fit for the inside of your ring: the inside of the band should align with the outer edge of the circle.
- If your ring is between two sizes, we recommend you opt for the larger size.
- When sizing for a wide band ring with width of 6 mm and up, if your finger is between two sizes we recommend you opt for the larger size.
